STATEMENT OF SUBSTANCE OF INTERVIEW

COMMISSIONER FOR PATENTS  
ALEXANDRIA, VIRGINIA 22313

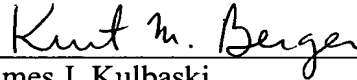

SIR:

In response to the Interview Summary dated April 21, 2005, Applicants wish to Summarize the Substance of that telephone interview. Applicants received a Notice of Drawing Inconsistency with Specification dated March 11, 2005, which indicated that Figures 26a-b were listed in the Brief Description of the Drawings but were not contained in the Drawings. In response, Applicants' representative contacted Examiner Edelman to state that the present specification did not, in fact, refer to Figures 26a-b and that the source of the problem appeared to be that papers not belonging to the present application were placed in the image file wrapper of the present application. Specifically, Applicants' representative indicated that some of the documents listed as being filed on July 26, 2004, in the present application belonged instead to Application No. 10/851,187. The Examiner confirmed that

the papers in question were entered by mistake and that he would remedy the situation.  
Accordingly, Applicants believe the objection to the drawings has been overcome and that  
the Notice of Drawing Inconsistency will be withdrawn.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,  
MAIER & NEUSTADT, P.C.
